Nolan Ladner Is Candidate For Justice Of Peace

We are hereby authorized to announce the candidacy of Nolan Ladner for the office of Justice of the Peace for Beat Five of Hancock County, subject to the action of the Democratic Primary Election in August.

Mr. Ladner's statement to the public of Beat Five follows: TO THE QUALIFIED VOTERS OF BEAT FIVE, HANCOCK COUNTY: I am taking this opportunity to make my official announcement as a candidate for the office of Justice of the Peace of Beat Five, Hancock County in the coming August Democratic Primary.

I am a life long resident of Bay St. Louis, son of the late Judge and Mrs. Alcide Ladner, 44 years old and married to the former Ethel Strahan of Pearlinton, Miss., and the father of three children.

In seeking this office it will be the first time that I have ever sought any political office.

I am an independent candidate, and in answer to a question which has been asked of me many times since my decision to enter the Justice of the Peace Race, I am not opposed to any individual in particular, but am running for

Girl Scouts Are Active

Mrs. George Lehleitner, Cookie Chairman for the Girl Scout Chapter, wishes to thank all who helped to make the drive successful. Particular thanks to David McDonald for storing the cookies in the McDonald warehouse and delivering them to the leaders of the various troops.

Troop 1 was entertained by Mrs. E. A. Allen of Pass Christian on March 22. Colored slides of European countries were shown by Mr. Huggins, who took the pictures on a recent trip to the continent. Refreshments were served by the hostess.

Troop 4 were guests of Mrs. George C. Gunduck, owner of Gulian Castle. The girls were taken on a tour of the castle and served refreshments by the hostess.

Troops 3, 6 and 4 are donating 8 dozen Easter eggs to the Veterans Hospital. This service was under the arrangement of the St. Louis Volunteer Service Council, Hancock County Chapter of the American Red Cross.

Troops 5, 6, 7 and 8 will enjoy an Easter Egg Hunt.

Troop 2 held an Investiture Ceremony during their meeting Tuesday, April 5. The following girls received their Girl Scout Pins: Diana Henley, Laurie Kiefer, Linda Merritt and Chris-

SCC Voting Set

The State Soil Conservation Committee has authorized an election for the Hancock County Soil Conservation District Commissioners. The three whose terms have expired are eligible to succeed themselves or an entirely new group can be elected.

Blank nominating petitions for use in submitting the names of prospective commissioners are available in the County Agent's office and each person who gets his name printed on the ballot must have a nominating petition signed for him by at least 25 owners of land in Hancock County.

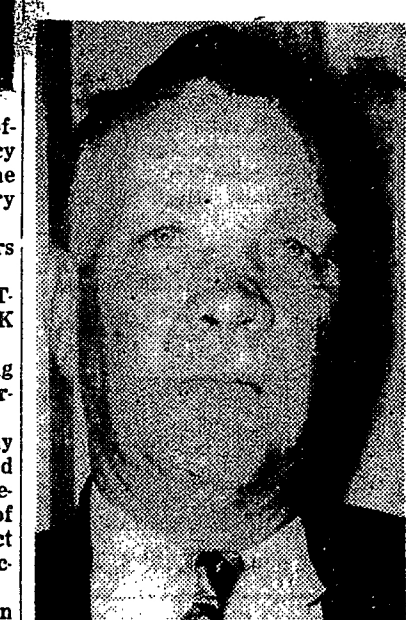

A land owner may sign as many nominating petitions as he desires. However, he will only be permitted to vote for three commissioners.

The three men receiving the highest number of votes from the county as a whole will be declared elected.

All nominating petitions must be filled out and returned to the County Agent's Office by Monday, April 25th, at which time they will be sent to the State Office where the ballots will be made up and returned in time for the election on Saturday, May 27.

Hours for voting will be from 9 a.m. to 2 p.m. in the following places: Lakeshore School, Kila School, Aaron Academy School, Loo Town School and Sellers School. Commissioners whose terms have expired are the following: Adolph Kellar, Rt. 1, Picayune; Sylvester Moran, Kiln; and Frank Shaw, Rt. 2, Penikeseon.

Fred Garner Is Candidate For Hancock Sheriff

We are hereby authorized to announce the candidacy of Fred Garner for the office of Sheriff and Tax Collector for Hancock County, subject to the action of the Democratic Primary election in August.

Mr. Garner's statement to the voters of Hancock County follows: TO THE QUALIFIED VOTERS OF HANCOCK COUNTY: This is to announce my candidacy for sheriff and tax collector of Hancock County.

I was born in Sampson, Ala., but moved to Bay St. Louis 20 years ago. I've served as a builder, contractor, decorator and farmer in this community during those years.

My full platform will be announced later in this newspaper, but I wanted to take this opportunity to inform all my friends and supporters that I will enter the race.

I am and always will be an independent. I own no loyalty to anyone, except to the people of Hancock County who elect me. I seek everyone's support on an equal basis with the understanding that I will play no favorites if I am elected to this very re-

Supplies from the National Guard Supply Base in Meridian will begin arriving Wednesday of this week, and subsequent trips will be made to Meridian until all of the supplies and equipment earmarked for this unit have been received.

Major Philip A. Shaw, Battalion Comdr. of the 890th Engr. Av. Bn., and Captain Olan I. Rayburn, Bn. Adj., both of Gulfport, visited the local unit for the drill held on Monday, March 28th. The visiting officers were shown the renovated Armory Building and storage facilities by M. Sgt. J. C. Roland Jr., Administrative Specialist of Co. C. Major Shaw expressed his appreciation for the outstanding progress made by this unit in its short existence. He also stated that plans were in the making for construction of a permanent National Guard Armory building with adequate storage facilities.

T. J. Whitfield Is Candidate For Representative

T. J. Whitfield has formally announced his candidacy for State Representative from Hancock County in the Democratic Primary in August.

His statement to the voters follows: TO THE PEOPLE OF HANCOCK COUNTY: Please accept this announcement as my formal entrance in the race for State Representative of Hancock County in the coming August Democratic primary.

I am 41 years old and a life-long resident of this county. I am married to the former Mary Nita Lee and the father of five children.

In seeking this important position to represent you in the State Legislature I am running as an independent candidate. Therefore all of my actions, if I am elected to serve you, will be executed according to your wishes. I will strive to obtain only those things that will be a benefit to our county and to the State of Mississippi.

I promise you, that if I am elected one of the first and foremost programs which I will stress in the House of Representatives

Legion Preps for Summer

The American Legion got their public beach in shape last weekend for the convenience of the public. Sand was pulled in and leveled on the lower portion and the upper half. Millard Toulouse also gave permission for the use of his beach, which adjoins the Legion's. Work and bulldozer equipment was donated by Fred Carot Jr. and S. S. Rutherford.

THE ALTAR SOCIETY AND ST. MARGARET'S DAUGHTERS PLAN EASTER CAKE SALE

Final plans for the annual Easter cake sale on Saturday, April 9 were made at a joint meeting of the Altar Society and St. Margaret's Daughters of Our Lady of the Gulf Catholic Church, held March 31 at the parish Girl Scout house.

Mrs. Mildred Blaize, chairman, said that booths will be placed at Jitney Jungle, C & S Stores and Kern's 5 & 10. Advance orders for cakes also are being taken.

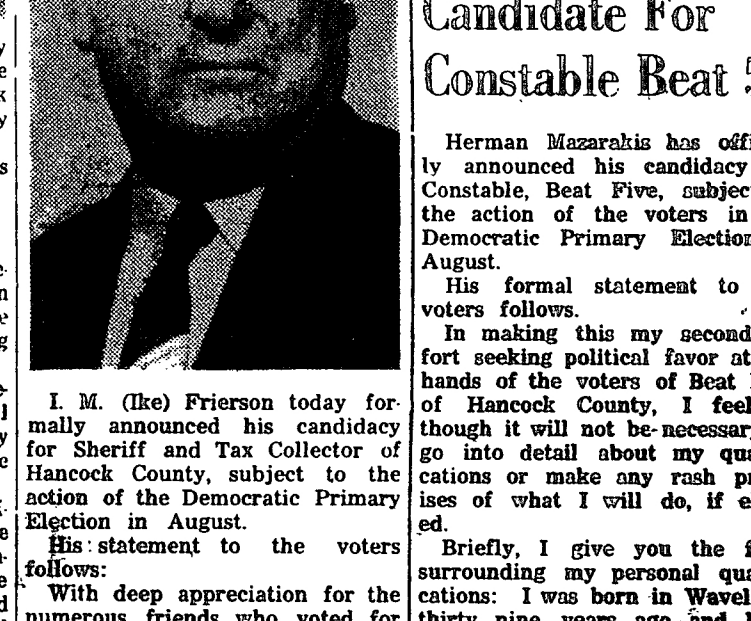

Medical help and food for five families was reported during the month of March.

Members were urged to attend the deanery meeting of NCCW to be held here April 13. Mrs. Bernice Fayard also reported on the last deanery meeting she attended in Gulfport.

Mrs. Alden Mauffray and Mrs. V. J. Piazza presided alternately at the meeting.

Hostesses for the afternoon were Mrs. Thomas Schafer and Mrs. W. L. Argus.

I. M. Frierson Is Candidate For Hancock Sheriff

I. M. (Ike) Frierson today formally announced his candidacy for Sheriff and Tax Collector of Hancock County, subject to the action of the Democratic Primary Election in August.

His statement to the voters follows: With deep appreciation for the numerous friends who voted for me four years ago for Sheriff, and for the great numbers that have come into the fold and solicited me to again offer for this office, I am entering the race for that office with the sincere hope and belief that, with the support I got four years ago, and the great number who have solicited me in addition that I can win this year.

The majority of the citizens of Hancock County know something of my qualifications, but for the benefit of new acquaintances and the many people who have qualified as voters since the last campaign, I again modestly refer to my qualifications.

I was born and reared in Aaron Academy Precinct. I own property and have a family in the same

CONGRESSIONAL Sidelights

EASTER RECESS

Eighty-fourth Congress, completed three months of its first session, is in recess approximately two weeks over Easter holidays, and most members are taking advantage of the opportunity to get away from Washington and the atmosphere of a session that appears to have settled firmly over the Nation's capital in these days of the continued cold war and of the atomic and hydrogen bomb.

It always takes time for a new Congress to organize, for it to receive the recommendations of the President, for the committee to digest these Executive recommendations, and the many bills that originate in the Legislative Branch itself, and for the two houses of the Congress to act on the committee's reports. This is such a ponderous process that, to the outsider, Congress may seem hardly to be moving at all during the early months of a session. This, of course, is due to the fact that so much of the legislative work is done in committee instead of on the floor. Like an iceberg, only a very small fraction of the mass of congressional activity shows above the surface as bills introduced into law or under active consideration by the two bodies of the Congress.

For example, during the first three months of the Eighty-fourth Congress only 21 public bills and 1 private measure have been enacted into law. This is out of a total of some 1800 bills and resolutions introduced in the Senate and 6000 in the House. But the record of accomplishments assumes impressive proportions when one looks beneath the surface of this and product of 22 laws enacted by the Senate and the 319 acted on by the House, all waiting to be acted upon by the other house; the 6 appropriation bills passed by the House; and the countless hours that have already been spent in committee consideration of other bills, the results of which may not show up for several months.

COTTON ACREAGE ALLOTMENT

The Gathings bill to increase the cotton acreage allotment for small farmers, run into formidable opposition in the Senate, and its fate a month after its passage by the House is still very uncertain. We understand that this opposition was centered in the Western states, which in recent years have gone into cotton raising on large scale, but unfortunately some of the Senators from our neighboring Southern states were either very lukewarm or actually hostile toward any move to increase the country's cotton acreage allotment.

Efforts at working out a compromise are still going on, but obviously the legislation cannot possibly be considered further until the Senate reconvenes after the recess, and, with planting time at hand, time is running out for Mississippi farmers.

"DEEP IN MY HEART" TO PLAY AT DRIVE-IN

"Deep in My Heart," a new MGM color musical, boasting one of the most glittering aggregations of stellar personalities ever assembled for a single motion picture, will be shown at the Hi-Way Drive-In Theatre. Based on the life and melodies of Broadway's famous composer Sigmund Romberg, "Deep in My Heart" has 19 stars, 104 speaking roles and 21 songs, with music for 10 Romberg operettas represented.

All of MGM's 28 sound stages were required for the picture's production numbers and story sequences, with the sets covering approximately 178 acres.

The cast is headed by Jose Ferrer in the role of the composer; Merle Oberon, making her return to the Hollywood scene after a long absence abroad; and Helen Traubel, the celebrated opera star in her film debut.

Hancock Man Is Drowned In Wolf River Sunday

Horace Smith, 36 years of age, drowned accidentally Sunday afternoon in Wolf River at Delisle.

According to Coroner Frank Hightower of Harrison County, Smith and three other men were rowing in a skiff when the boat overturned. Smith's companions clung to the overturned boat, but he attempted to swim to shore. Hampered by his clothing, the Coroner stated, he went under and drowned before his companions could get to him.

The body was recovered at 5:30 p.m. about an hour after the drowning occurred by Louis Lebagan and Jerril Pavolina who joined in the search.

The men in the skiff with Smith were Lesli Dedaux, Clifton Saucier and Gaston Ladner. They assisted in the search for the body of their companion along with Herman Finhold, Crayton Ladner, county patrolman, Easton Garriga, constable of beat 3 and L. J. Martin, justice of the peace, beat 3.

The deceased was a resident of Hancock County, and a former resident of Bay St. Louis. Funeral services were held Wednesday at the time of his death. Smith was living on Route 1, Standard Community, Hancock County.

This was the second death from drowning reported on the coast this year. Last year there were 18 drownings on the Coast.

Smith was a veteran of World War II, when he served in the Pacific theatre of operations. He was employed as a mechanic's helper at the US Naval Base, Gulfport. He is survived by his wife, Mrs. Eva Saucier Smith, three daughters Judith Ann, Myra Ellen and Amy Lou; a half brother, Larry Joseph, a half sister, Mrs. DeLois Mae Shubert, his father Dill Smith, Standard Community, Hancock County.

LEGION AUXILIARY IS SUPPORTING NSTP

The American Legion Auxiliary Unit 139, is supporting the National Security Training Program, sponsored by the American Legion. Several members have written letters and cards to Senator Stennis, Senator Eastland and Congressman Colmer stating that they are supporting the plan. All members are asked to bring their replies to these letters to the regular meeting Monday night April 11, at the Legion Home.

The Essay Contest sponsored by the Legion Auxiliary is underway. Entries must be in by April 15 to Mrs. Frank Taconi, Necaise Ave., Bay St. Louis. All twelfth grade students are eligible, from all high schools in the county. The subject of the essay is "What the Four Freedoms Mean to Me."

There will be a dance at the Legion Home Saturday, April 9, 9 p.m., sponsored by the American Legion Auxiliary. A band from Waveland has offered to play for the dance.

American Legion and Auxiliary members and their guests are invited. Donation is \$1.00.

The regular meeting of the American Legion Auxiliary Unit 139 will be held Monday, April 11 at the Legion Home. All members are urged to attend. Entertainment for Spring Conference will be discussed. Members that want to participate in this activity should attend this meeting.

ALL-STAR CAST SIGNED FOR 'MERRY WIDOW'

With a full quota of show-business headlines, the new all-star production of "The Merry Widow" is currently rehearsing in New York for its premiere on Saturday night, April 9, on NBC-TV from 8 to 10:30 EST, under the auspices of The Oldsmobile Dealers of America.

The famous world-wide musical comedy hit has, in the past, served as a vehicle for such stars as Mae Murray, Maurice Chevalier, Jeanette MacDonald and Lana Turner. For its presentation as a television spectacular Anne Jeffreys will be seen in the role of the glamorous widow, while Brian Sullivan will be cast as the romantic Prince Danilo. Martha Wright and John Conte will have important roles and the comedy assignment of Popoff will be handled by Edward Everett Horton.

Bambi Lynn and Rod Alexander will be the principal dancers and a special dance number has been interpolated for Beatrice Kraft, who is currently featured in the Broadway hit, "Kismet."

CABLE TURNER, NATURE SCORE IN 'BETRAYED' AT A&G

The stellar combination of Clark Gable, Lana Turner, Victor Mature and Louis Calhern in a suspense-filled story of the Dutch Resistance in World War II and of a Dutch intelligence officer who falls in love with a girl he believes to be a traitor brings pulsing entertainment to the A & G Theatre screen in "M-G-M's 'Betrayed'."

This absorbing story of espionage and dramatic conflict is given added impact in the fact that it was filmed almost entirely in Holland, in color, the first motion picture ever to have been made by a Hollywood company of dikes and windmills.

Its swift action takes place against backgrounds of such historic cities as Amsterdam, The Hague, Delft and the countryside stretching to the northern tip of Croningen and the Zuyder Zee, with its spectacular climax the battle of Arnhem with 1,500 British paratroopers raining from the sky.

Over 300 in service teaching expected to enroll on April 19 for spring short term courses offered by the adult education department at Mississippi State College, according to Dr. J. D. Falls, head of that department.

Dr. Falls said an estimated 75 to 100 of these students will be enrolled for graduate work. The others will be working toward bachelors' degrees. Most of the teachers will come from the area bounded by Iuka, Corinth, Greenwood, Durant and Meridian.

Work in the short term course is more concentrated than during the regular school year. These short-term classes enable the teachers to utilize the time after school is out in the public schools and before the regular college summer sessions begin. One unique feature of the short-term at State College is that books are furnished by the school.

The adult education department at State College will also hold summer veterans classes beginning on May 16 in Louisville.

Sealed bids, to be received by the Housing Authority of the City of Bay St. Louis, Mississippi, for the construction of a new building, will be received by the Housing Authority of the City of Bay St. Louis, Mississippi, until 12:00 p.m. May 1, 1955. The public is invited to examine the plans and specifications for these buildings.

The Housing Authority of the City of Bay St. Louis, Mississippi, is now accepting bids for the construction of a new building, which will be located on the corner of Bay St. and Louisiana St. The plans and specifications for these buildings are on file with the Housing Authority of the City of Bay St. Louis, Mississippi.

Conditions and Detailed Specifications are on file with the Secretary of the Housing Authority, Ballentine Street, Bay St. Louis, Mississippi.

PROCLAMATION GOOD FRIDAY

REALIZING the solemnity of the Memorable Day of Good Friday and that the Christian World bows in sorrow and sympathy, commemorating the World's Greatest Tragedy, and

That it is but meet and proper that our people, too, set aside their everyday activities as far as possible and practicable with their every day life and pursuit, to do honor and to further glorify the Resurrection of One who was sacrificed and suffered the expiation of sins of Mankind.

That in order to pay tribute to the Holy Redeemer, I, as Mayor of the City of Bay St. Louis, do hereby proclaim Good Friday, April 8, 1955, as a DAY OF HOLY AND GENERAL OBSERVANCE; that our acts and attitudes be such as to do reverence to the day.

AND, AS FURTHER attestation of our feeling of respect and sorrow, and as an outward mark, I would respectfully ask that every place of business in the City of Bay St. Louis close their doors and cease business on this day to commemorate the hours of agony of Our Lord suffered on the cross.

Done this 4th day of April, 1955, at the City Hall, Bay St. Louis, Miss.

JOHN A. SCAFIDE, MAYOR.

"IF IT'S BORDEN'S IT'S GOT TO BE GOOD"

The County Soil Conservation District is located in the southern part of Hancock County, and is bounded on the south by the Gulf of Mexico, on the west by the Jordan River, and on the east by the Gulf of Mexico. The district is divided into two sections by the Jordan River. The northern section is the larger of the two and is the one in which the majority of the land is located. The southern section is the smaller of the two and is the one in which the majority of the population is located. The district is divided into two sections by the Jordan River. The northern section is the larger of the two and is the one in which the majority of the land is located. The southern section is the smaller of the two and is the one in which the majority of the population is located.

There is little farming south of the Jordan River. Timber growing on cattle grazing are the present use of land in this area. Since the organization of Hancock County Soil Conservation District in 1945, large landowners in this area have developed improved pastures. The International Paper Company and Crosby Forest Products Manufacturing Co. have large timber acreages in this area. Both of these companies are doing a tremendous big conservation job constructing fire breaks, forest roads, timberstand improvement, and planting idle acres to pines. Due to the low wet flat land, approximately 80 per cent of this area is best suited to growing timber, 15 per cent for growing pasture, and 5 per cent for early maturing, shallow-rooted truck crops.

High prices for fertilizers, seed and farm equipment will have a tendency to slow down conservation progress as well as drop in farmer income during the past year. Due to the drop in cattle prices, a few farmers are returning to some row crop activities. One of the other obstacles we have is the part-time farmers living on small farms. These farmers cultivate small acreages of row crops during the summer and work on public jobs or war effort jobs most of the year.

Approximately 125 cooperators, farmers, businessmen, bankers, private and state foresters, Soil Conservation personnel, other agricultural agencies, 4-H Club boys and vocational Agriculture teachers attended the meeting held at Rocky Hill Forest Tower. Timber Stand Improvement was studied by the group. Later during the day, the group toured C. E. Weston's pasture and attended a terrace construction demonstration on June 1.

Those farmers who have established good conservation practices have been benefited by the fact that this year 43 farmers have been observed by their neighbors, thus increasing the interest of additional farmers. Farmers of the District increased their efforts in the establishment of more conservation practices on their farms in 1954. Many of them experienced dry weather last summer and fall, and although minerals and planting materials were more plentiful than a year ago, establishment of improved pastures was slowed down to a late start.

At present there are nine men employed with the State Forest Service in the County. Also, the International Paper Company and the Crosby Forest Products Manufacturing Co. keeps fire-fighting crews to keep fires out of their timberland. There were 35 farm plans developed and 4 farm plans replanned in the District during 1954. Four District Cooperators purchased additional farm acreages for their farms and the farms were replanned in order to set up a complete conservation work plan for the farms. Total acres in the 35 farm plans developed was 4482, while there were 1822 acres in the replanned farms.

Twelve farm plans were cancelled during 1954, which consists of 2201 acres, on account of change in ownership and several deaths of Cooperators occurring during this period. Much progress has been made on conservation practice during 1954, some of which we list as follows: 151 acres contoured, 127 acres of cover crops planted, 829 acres of improved pastures seeded, 167 acres of woodland improvement, 30,000 pine seedlings planted on ten landowners' property, six ponds constructed, 1/4 mile of drainage ditch draining 73 acres of wet land. Two demonstrations, consisting of timber stand improvement and terrace construction were held. Also, one pasture tour was conducted during the same period.

To date there are 314 District Cooperators, representing 41,168 acres of land in the Hancock County Soil Conservation District. More farmers are becoming interested in producing and saving seed for pastures. There are four farmers in the District who own combines and seed cleaners who work with other cooperators to harvest seed. Cooperators harvested 12,700 pounds of Pensacola Bahia grass 1500 pounds of Rescue grass, 24,000 pounds of Alice Clover seed, 6,000 pounds of Ky. 31 Rescue, 6,300 pounds of Reseeding Crimson Clover and 1800 pounds of La. Improved White Dutch Clover seed during 1954. However, many farmers planting pasture had to purchase seed as production did not take care of seeding demands. One cooperator planted 10 acres of Coastal Bermuda grass, while three cooperators have established seed plots for further planting in the District during 1954, which will enable other farmers of the District to obtain planting stock to increase summer and fall pastures.

Farmers are mineralizing their new and old pastures, and clipping pastures has become a must summer practice. During the week of April 5-9, 1954, the Hancock County Soil Conservation District Commission are sponsoring the "Land Use Film Week" as planned by the State Soil Conservation Association. All County Agricultural workers and civic leaders were invited by the Commissioners to attend and participate in the District Meeting which plan to discuss the County program for the week.

The Commissioners had the wholehearted support of all farmers in putting this program over. Special officers were appointed to the Coast Counties Saloon 218 La. Boutique Des Huit Chapeaux at Quatre Femmes met April 1 at the home of Mrs. Marguerite Kern in Bay St. Louis.

Partners attending included Mrs. Georgia Pickett, Flora Pittman and Edna Bishop, Passaic, La. Mrs. B. Never put off 'til TOMORROW . . .

That's good advice . . . and the producers of natural gas have consistently put it into practice. Every year, they find more natural gas than we use. This favorable balance can be maintained only by a continuing program of exploration which requires expenditures in many cases of over a million dollars per well.

It's true that on a national average only one exploratory well out of nine brings anything but costly disappointment. Yet, producers make new locations and drill again and again, for . . .

...this is a search that must never end

ATOMIC DEVELOPMENT

The first organization meeting was held in New York on March 25. Walker L. Carter, President of the Atomic Energy Commission, was elected president and Alfred J. Donnell, who has been Executive Director for the last year, was appointed General Manager.

The group, which grew from a start of two companies in 1950, has been working on the problem of utilizing nuclear heat in the operation of thermal electric generating plants. This would be accomplished through the use of an atomic power reactor or "nuclear furnace" to produce the steam to drive turbine generators.

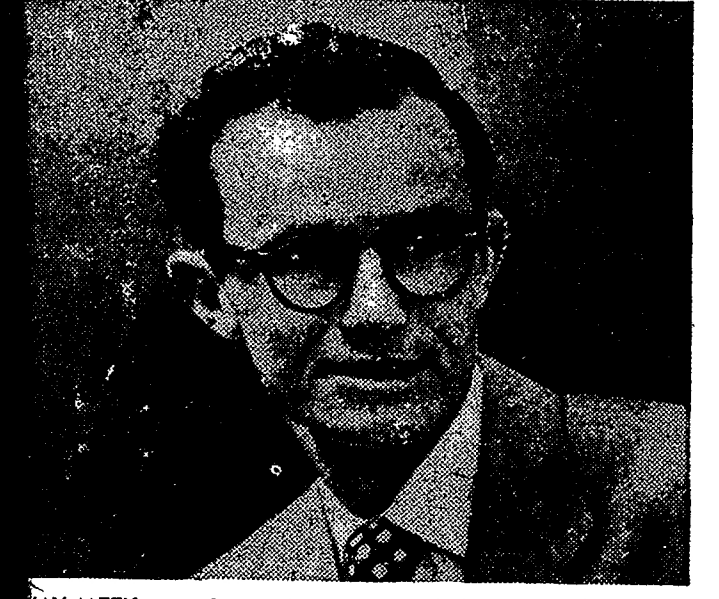

The Mississippi Power Company president today set forth the purposes of the new corporation as follows:

ARNOLD SHODA SIGNED WITH HOLIDAY ON ICE

Not too long ago, a kid from New York's lower East Side put together ten dimes, twenty-four nickels and a handful of pennies and bought a rinkside seat to a big ice show at Madison Square Garden. Almost a year later, more dimes, nickels and pennies bought an old pair of ice skates. To that initial investment was added every spare minute of time, each particle of energy and drive the kid possessed. Today, that investment has paid off to Arnold Shoda in more ways than ever he thought possible.

When at first confronted with the broad ice surface in Flushing Meadows Park, Arnold learned his first lesson... ice can be awfully hard.

He took quite a few falls that first season. However, he learned enough by himself to land a chorus line job at the Roxy Theatre where he skated. Here Arnold learned his second lesson: interpretation is just as important as ability.

Following through with this teaching, Shoda landed jobs at the Roosevelt Hotel, The Biltmore and the New Yorker and learned still another basic truth—the audience that counts with any good performer.

Now, after all the bumps and hard work, Arnold Shoda has found it more than worthwhile. In the last three years, write-ups from papers all over the country praise his unique skill on the silver blades and his amazing versatility in the different types of numbers he presents. With his being assigned the leading male role in the all-new edition of HOLIDAY ON ICE, Shoda has hit the top in his first appearance with a major ice revue.

Arnold Shoda, along with lovely Jinx Clark, Kay Servatius and Rudy Richards, all will arrive in New Orleans when the big show opens at the Municipal Auditorium for a 5 day engagement. Tickets are on sale at Beach Durg Store in Bay St. Louis.

COMMISSIONERS SALE OF PROPERTY FOR PARTITION

FRANK HAMILTON
vs.
CRESEA SALES, ET AL.

7115

By virtue of the provisions of a Decree of the Chancery Court of the Eighth District of Hancock County, Mississippi, rendered by said Court on the 4th day of March, 1955, the undersigned, as special Commissioner of the said Court in the said Cause, will on Monday, May 2nd, 1955, at Bay St. Louis, Mississippi, within legal hours in front of the Court House door, expose for sale and sell to the highest bidder for cash, the following described real estate or property situated in Hancock County, Mississippi, to-wit:

Lot number four hundred and seventy four (474) of the First Ward of the City of Bay St. Louis, Hancock County, Mississippi, as per plat of said City made by E. S. Drake, C. E., and filed in the office of the Clerk of the Chancery Court on May 1st, 1925.

Less and except the East 32 feet thereof sold by Anna Hamilton to Edmund Williams and Leona Thomas Williams by deed dated February 10th, 1947 and recorded in Book H-3, page 248 of the records of Deeds of Hancock County, Mississippi.

Said land has a frontage of 77 feet more or less, on the South side of State Street and was acquired with other land by Anna Hamilton from W. A. McDonald by deed dated July 19th, 1924, recorded in Book D-6, pages 201-202 of the Deed Records of Hancock County, Mississippi.

The said real property is sold for the purpose of partitioning among the owners in accordance with said Decree, and the title is believed to be good but I will convey only such title as is vested in me as said Commissioner.

This, the 31st day of March, A. D. 1955.

LOWEST-PRICE CAR

IN "ALL 3" TO GIVE YOU ALL THIS IS PLYMOUTH!

TOP SIX	TOP SIZE	TOP VALUE
The thriest, smoothest six in the low-price 3—that's Plymouth's Power-Flow 117! Its high compression ratio, combined with exclusive Chrome-Sealed Action, gives you more power from less gas, and velvet-smooth performance. You'll enjoy lightning acceleration, thanks to a special metering system in the carburetor. And the PowerFlow thrives on regular, not premium grade, fuel.	The biggest, longest, roomiest car of the low-price 3—that's Plymouth! Brilliant new Forward Look styling gives you more glamor outside, more luxury inside; plus the new Full-View windshield, swept back to give the greatest visibility in the low-price 3. And Plymouth's big size means you and your passengers will enjoy the smooth, steady ride that only a truly big car can give you.	Plymouth is the only low-price car to give you at no extra cost such extra value features as: electric windshield wipers, Safety-Rim wheels and an independent parking brake for greater safety... Oriflow shock absorbers for a smoother ride... an Oilite fuel filter and oil bath air cleaner for lasting economy. See and drive a Plymouth today—see why it's your best-buy low-price car!

WHY PAY UP TO \$500 MORE FOR A CAR SMALLER THAN PLYMOUTH?

Don't be fooled by the claims of so-called medium-price cars that they cost practically the same as Plymouth. When you compare price tags you'll find that, model for model, Plymouth sells for much, much less than medium-price cars, and gives you more car for your money!

Time Here For Spring Clean-Up

It's time to get started on spring clean-up around the farm, says Howard F. Simmons, County Extension Agent, but it's also time to know where to stop.

"Farm clean-up is largely a do-it-yourself job, but there are several 'chores' necessary for fire safety," he warned, "which demand the 'know-how' of a specialist."

Don't attempt to do the work of a licensed electrician, a furnace contractor or a chimney sweep, is the advice of the US Department of Agriculture and the National Fire Protection Association, co-sponsors of Clean-Up Week.

Bungling jobs like these would just increase your chances of a fire on your farm.

There are plenty of things you can and should do though: dispose of quick-burning trash and rubbish, clean out the winter's crop of weeds, dead shrubbery and litter, paint, remove or replace old rotting wood fencing, and clean and repair home tools and machinery.

Where electrical wiring is concerned, however, your best and safest bet is an experienced electrician. Let him, and not your own guesswork, determine the safe electrical load for your circuits. And incidentally, have him take a look at your lightning rod system while he's at it. It might need repair or better grounding.

I believe in good roads, so to speak, and a modern hospital.

Will hard surface on black top the roads just as the money is allotted to this Beat. If it is only a fraction of a mile at a time, I will not let the money lay in the County depository and use it during the election year.

Will work with the Superintendent of Education to better our schools with equal facilities to both races.

If elected I advocate the following:

Here the assessment Books approved sooner by the State Tax Commission so that the Sheriff can send statements to the tax payers. Also enlarge the Sheriff's office for more counter space and divide the two assessment Books into the five beats so more efficient service can be given.

Appoint a night operator for the two way radio station who can also act as a night jailer.

Invite the taxpayers as well as all Civic and Business Organizations to set in with the Board of Supervisors to work out a plan to redistrict the County.

Will work to get some Legislative act through to relieve the taxpayers on the personal tax of automobiles and trucks.

Will divide the work in different sections of the Beat and to people who need it.

Will repair the Seawall and Beach Road without any extra cost to the tax payers as the Sea Wall fund receives enough of money from the Gasoline tax to take care of this.

I will see that the tax payers receive value for every dollar spent.

It is my desire to see every voter in the Beat personally before the primary on August 2nd, and I shall endeavor to do so, but I am taking this means of asking each and every voter to give my Candidacy his or her earnest and careful consideration.

Respectfully yours,
JOHN A. EGLOFF

one of the two Justice of the Peace seats.

If elected to this office, I promise the voters of Beat Five to cooperate fully with the law enforcement officers of our Beat and County.

I will do all in my power to combat juvenile delinquency and anything that would threaten the welfare of our community.

In my connection as a sports official I have had considerable experience working with youth.

And lastly I want you, the voters, to know that my doors will be open to you at all times and I will do all in my power to help you with your problems.

In closing I want you to know that your vote and influence will be greatly appreciated.

Sincerely yours,

will be that of school improvement through the State.

The only methods I will use to secure the passage of my beneficial projects that I feel will correspond with the will of the people, will be honest and hard work.

The main purpose which made me decide to run for representative was a great desire to give you, the people of our county, good representation for your taxation.

And that is what I plan to do. Four years ago I was defeated in the second primary by a small majority throughout the county for the same office.

Again I want to thank those people who had the highest confidence in my convictions and my qualifications to cast their vote for me in that Primary. And now I am asking you again to support me in my second attempt to fill this seat in the House of Representatives. I also want to ask those, who for some reason or other, did not vote for me the last time to consider my cause very carefully. And if you believe in my policies and my principles, then vote for me in August.

I know this job entails many responsibilities, but on the other hand I feel that I can serve you well, with the best interests of Hancock County at heart.

Thank you for your support and influence.

Sincerely yours,
T. J. (Ike) WHITFIELD

Shower for Bride-Elect

The Youth Center was transformed into a bride's version of Paradise with white angels hovering over the scene Sunday afternoon when Mrs. Jennie Trapani, Mrs. Lil Noto, Mrs. Lettie Noto and Miss Patsy Farve entertained complimentary to bride-elect Ann Reith, whose wedding to Bernard Farr will be an interesting event of this month.

The table was beautifully executed with white gladioli, fern and dainty white angels topping the individual candy baskets, which were given as favors to the guests. A square cake, frosted in white with a doll dressed in bridal gown centered the table, which was laid with an exquisite lace and embroidered cloth.

The bride-elect and mother of the bridegroom elect were presented corsages of white gardenias and ranunculus. Miss Reith wore an afternoon frock of black faille silk.

Sandra deLacer, 8 year old niece of Mrs. Farr, from Mobile, Ala., dressed as an angel presented the gifts to the honoree. These were brought into the room in a child's wagon, which was trimmed in white.

Out of town guests present were Mr. and Mrs. A. C. deLacer and daughter of Mobile, Ala., Misses Joann and Billie Joyce Smith, also of Mobile, Mrs. Lillian Labat, Mrs. James Strahan, Mr. and Mrs. John Di Martino and Mr. and Mrs. Savin Beler of New Orleans and Mrs. Mary Mauffray of Pass Christian.

Miss Reith arrived last Saturday in Bay St. Louis from her home in Subiraco, Ark. She is the guest of Mr. and Mrs. Horace Farr. She will return to her home on Thursday of this week.

continually, and being a taxpayer, I will understand the responsibilities of being a great citizen, and the efforts to carry on progress and advancement of our County.

I began my career as a timber inspector and buyer for the Gulf States Lumber Company. I had the responsibility of being a Supervisor for the County during the administration of that great plan on behalf of the laboring people. I was on the Democratic Executive Committee in Hancock County for a number of years; also, was a director and Secretary-Treasurer of the Gulf Coast Electric Power Association for a period of more than 10 years. All these were heavy tasks and gave me experience in the administration of business affairs, as well as close contact with all the people of Hancock County, and during these years I have been deeply interested and identified with all public affairs and the advancement thereof, such as good road system, good school system, and the advancement in developing and utilizing the resources that we have, such as the timber business and the advancing agricultural progress of the County.

I shall appreciate the vote and influence of the good citizens of Hancock County and if elected your sheriff, I promise to discharge all the duties connected with the office of Sheriff in a business way, as well as with high standards of honesty and integrity, such as will promote the progress of the County and the best interest of every citizen therein.

Sincerely
L. M. (Ike) FRIERSON

responsible, and being a taxpayer, I will understand the responsibilities of being a great citizen, and the efforts to carry on progress and advancement of our County.

I served during World War I in the army medical corps, I reached the rank of sergeant. I was stationed in Longview, Tex. during time.

I am married and have no children. If elected to the office of sheriff, I will be able to give the people of this county my undivided time both in protection of life and property and in responsible handling of their tax money.

You should watch this newspaper for further articles. In them I will give my full platform so that the people will know exactly what they are getting when they elect me sheriff and tax collector of Hancock County.

I am open to suggestions from everyone. I'd be glad to talk to anyone about how this office should be operated, and you can write to me or talk to me about this anytime.

A TRIBUTE To Those Who Are Getting The Message Through

In cities and towns over the South today, thousands of men and women are maintaining a great tradition. They are telephone employees who are on the job, and because of them, the messages are going through.

In our company, we call it the spirit of service. This spirit never burned so brightly as it does today—in the hearts of the men and women at the switchboards completing the calls and at other vital posts of duty keeping the lines open—making sure that their communities have dependable telephone service 24 hours a day. We salute them—for their sense of duty, their skill and their magnificent spirit.

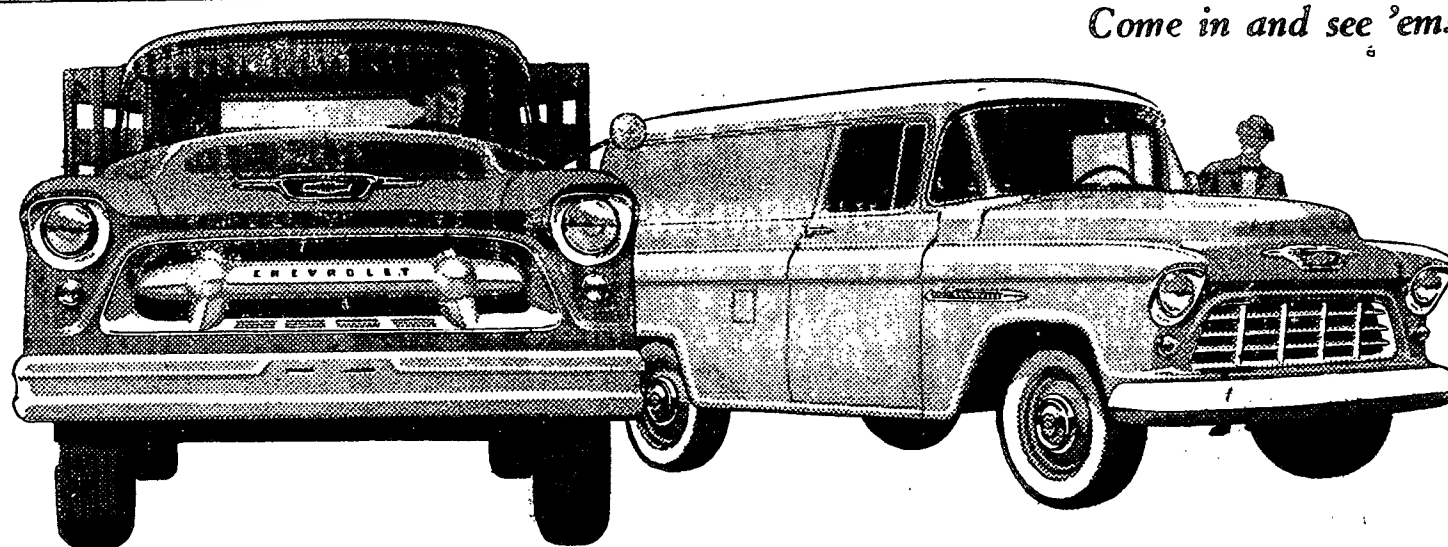

We are deeply grateful for the patience, understanding and friendly cooperation of telephone users everywhere.
